

Planning Advice

British Vita

Brief

BE Group was appointed by plastics company British Vita to advise on securing planning permission for the construction of a new 11x4 metre silo at their premises 1 Kingsland Grange in Warrington. This unit is occupied by a subsidiary company JGP Perrite.

The commission follows on from previous work for the company when BE Group negotiated their relocation to Kingsland Grange from their previous premises on Trident Industrial Estate in Risley.

Activities

- Completed and submitted the planning permission documentation
- Produced a supporting statement for the planning permission, which covered the existing planning context, economic benefits, sustainability and transport issues
- Negotiated with Warrington Borough Council and the property's freeholder, University of Cambridge Amalgamated Fund

Outcome

Successfully secured planning permission for the new silo.
